Start Here — Read Me First

Welcome + how to use your journal

The GLP-1 Journal — your companion for your GLP-1 journey

This printable journal helps you stay organized while you're on your prescribed GLP-1 medication. Print the pages you need, keep them in a binder, and fill them in as you go.

What's inside:

- ✓ Weekly Log — medication, dose, injection site, appetite, protein and water at a glance
- ✓ Daily Nutrition & Hydration — plan meals, hit your protein goal, track your water
- ✓ Weight Progress (12 weeks) & Body Measurements — because the scale is only half the story
- ✓ Monthly Symptom Tracker — spot patterns and talk to your provider with real data
- ✓ Injection Site Rotation — never forget where you injected last
- ✓ Provider Visit Notes — walk into every appointment prepared
- ✓ Non-Scale Victories & Goals — celebrate the wins that don't show on a scale

How to start:

1. Print the Weekly Log and the Daily Nutrition & Hydration page to begin.
2. Each injection day, log your dose and rotate your injection site using the Site Rotation page.
3. Weigh in once a week (same day, same time) and note it on the Weight Progress page.
4. Before each appointment, fill in your Provider Visit Notes so nothing gets forgotten.

Important

This journal is a personal organization and tracking tool. It is NOT medical advice and is not affiliated with any medication or manufacturer. It does not diagnose, treat, or replace guidance from your doctor. Always follow your healthcare provider's instructions for your GLP-1 medication, dosing, and nutrition.
